

DEMANDS MADE BY MINE WORKERS LAST FEBRUARY RENEWED

Are for a Continuance of the Present Wages
in Mines Until 1925—In Addition the Six
Hour Day and Five Day Week Demanded
—Agree on Method of Selecting Delegates

(By The Associated Press)

CLEVELAND, O., Oct. 4.—Renewal of the miners wage demands at the Indianapolis convention in February, 1922, was reaffirmed by the United Mine Workers policy committee today. These demands will be presented at the joint conference of miners and operators which is to be held on or before January 3, 1923, John L. Lewis, president of the miners announced.

The demands were for the continuance of the present wages in coal mines until 1925 and, in addition, the six hour day and five day week, time and one-half for overtime work and double time on Sundays and holidays. The decision by the policy committee makes it unnecessary for the miners' union to hold a convention between now and next April, John L. Lewis, president of the United Mine Workers announced. The old schedule of demands never was presented to the operators because producers' associations in the old central competitive field refused to meet the union before the miners' strike began April 1, last.

Day laborers' wage in bituminous mines is \$7.50, and this has been the scale since the summer of 1920.

The conference agreed today upon a method of selecting delegates to a conference to meet in Chicago November 14 to formulate a method of procedure to be followed by the bituminous coal industry in negotiating a wage scale agreement to become effective next April.

The setting up of this committee was provided under the terms of the Cleveland agreement and leaders of both sides declared it to be a highly important accomplishment.

Phil H. Penna, secretary of the Indiana Coal Operators' association and chairman of the joint conference declared it makes possible for a reconstruction of bargaining machinery which had been broken up before the recent coal strike.

The representation on the committee selected today consists of two operators and two miners from each 15 mine union districts. The president of each mine union district will be one of the miner's committee and the other an appointee of his.

The operators to the conference and the district they represent include:

Indiana—M. L. Gould and Hugh Shirkie.

Iowa—George Heaps and E. C. Smith.

Michigan—R. M. Randall and Warren Phippen.

Missouri—F. W. Wikins and H. N. Taylor.

Operators delegates from Central and Western Pennsylvania, Illinois and Montana.

Operators in outlying districts will be privileged to send delegates to the Chicago conference if they so desire it was announced. In the event of any such outlying districts also will be given the right of representation.

At this morning's session of the joint conference a committee was named by operators and miners to bring in a report on what action the conference would take on the telegram sent by Secretaries Hoover and Davis asking the conference to make a panel of 20 names of persons "disassociated" with the coal industry as possible members of President Harding's fact finding commission. The committee reported that because of the difference of opinion between miners and operators on the matter each side shall reserve until itself the right to submit a panel of 10 names as being expressive of their desires in the matter. The committee further reported that "in its opinion congressional action has made impossible, the fulfillment of clause No. 3 of the Cleveland agreement (providing for a fact finding commission of miners and operators) at this time and that only practical thing for us to do now is to take advantage of the offer made in the telegram.

Says Eighty Three Roads
Have Signed Baltimore
Agreement

(By The Associated Press)

CHICAGO, Oct. 4.—Eighty three railroads of the United States operating approximately 65,000 miles of line and employing 125,000 and 130,000 members of the federated shop crafts have settled the shop crafts strike with their system federations, according to a special bulletin sent today to all members of the organization over the signature of B. M. Jewell, president.

Among the latest additions to the settling roads was the Chicago, Great Western.

A second special circular to the membership contained in detail an interpretation of Federal Judge James H. Wilkinson's decision on the injunction bill filed against the organization by Attorney General Daugherty. It was supplied by Donald R. Richter, attorney for the shop crafts.

"We cannot interpret the temporary injunction, drastic as its terms are," said Mr. Richter's opinion in part, "as in any way restraining or preventing the officers and other representatives of the shop crafts organizations for doing all in their power to maintain an orderly discipline and conduct of the lawful work of the organizations to continue to call for and to expect to receive the loyal support of each member and to continue to work in harmony and with a common lawful purpose to advance the common interests of the organized shop craft employees."

AGRICULTURE IS COMING INTO ITS OWN

(By The Associated Press)

PRINCETON, Ill., Oct. 4.—Public sentiment toward agriculture has undergone a change in recent years and farming, always recognized an industry of fundamental importance, is now considered of predominant significance. Dean Herbert Mumford, agricultural college, University of Illinois declared in an address today before the Rock River conference of the Methodist Episcopal church.

This change in attitude has been brought about thru the fact that the world war made the people conscious of dependence on agriculture, the agricultural depression following the war focused attention on the farmers and the activity of farm organizations he said.

"The public for its own selfish sake, must be simultaneous with the farmers' efforts to make the business of agriculture sufficiently profitable to furnish a home with the ordinary comforts of life which are taken for granted in the city home," he said. "Otherwise food production in this country will be turned over to a peasant class who cannot be depended upon to produce food as economically as the American farmer."

ASSOCIATION OF BANKERS OPPOSE BRANCH BANKING

Goes on Record at
New York Meeting
by Three to One

(By The Associated Press)

NEW YORK, Oct. 4.—The American Bankers' association went on record today by a vote of approximately three to one as being opposed to branch banking or the establishment of branch offices by both state and national banks in any form.

After the passage of a resolution expressing this opposition, steps were taken by bankers from Missouri, Illinois, Wisconsin, New Jersey, and Connecticut to form an association of National and state bank and trust companies opposed to branch banking to undertake a campaign for the passage of a federal statute prohibiting national banks from having branches or more than one office in any state. Murray McLeod, vice-president of the Irving Park National Bank, Chicago was elected chairman of this organization. A committee, composed of three delegates from each of the 48 state bankers' associations will meet in Chicago soon, it was announced to plan a national campaign.

Messages from President Harding and Secretary Mellon were read by President Thomas B. McAdams. Secretary Mellon wrote that a foundation for an early and healthy revival of business has been established thru the response of the bankers to the treasury offerings of the short term notes issued during the past 18 months to retire victory notes and other early maturing obligations.

President Harding's message was a plea to the bankers that the lead in recommending our people to save expenditures, to ways of economy and thrift to the consideration of municipal and national problems in that conscience which builds the temple of confidence.

In the election of officers John H. Fuchler of Milwaukee was chosen president and Walter W. Head of Omaha, Neb., first vice-president.

The resolution opposing the establishment of branch banks was placed before the convention by Samuel B. Jeffries vice-president of the National City Bank of St. Louis. Waldo Newcomer, president of the National Exchange Bank of Baltimore led the opposition. An attempt by the anti-branch forces later to have the resolution adopted by the national bank division failed.

Frank A. Munsey addressed the convention on problems of the hour and said that the operations of the Republican and Democratic parties were being carried on with small attention to the interests of the government or of the people.

Germany can pay her war debts, the Right Honorable Reginald McKenna former chancellor of the British exchequer, told the bankers, but such a payment would only be possible if all other demands are postponed for a period which would permit the stabilization of the mark. Such payments should be extended to all European countries with the exception of England, Mr. McKenna said.

POLICE SOLVE GHOST MYSTERY

(By The Associated Press)

CHICAGO, Oct. 4.—Altho the police announced that they had solved the mystery of the wailing spook whose blood-curling cries have disturbed the suburbs of "Little Hell" for the past few nights, crowds of amateur ghost hunters continued to mill thru the district tonight but without any recurrence of the alarms and uncanny manifestations which have terrorized the section.

Today after another night of alarms, Miss Lillian Maloney, one of the occupants of the house about which the manifestations have centered was hailed into court and revealed a family feud revolving about a \$150,000 estate.

After she had accused her sister and brother-in-law of a conspiracy to obtain absolute control of her aged father's fortune, she was sent to the psychopathic hospital for examination.

Miss Maloney told the court that the rapping, hideous shrieks, growlings and moanings and other uncanny noises, were made by her brother-in-law in an effort to frighten her out of the house so he might supplant her in the affections of her father, whom she has cared for for seven years.

Another explanation of the mystery was offered by an electrician sent out by the Commonwealth Edison company who said that the weird pounding and screaming might have been caused by the making and breaking of a grounded current in an electric conduit.

DROUGHT THREATENS SERIOUS DAMAGE IN PARTS OF COUNTRY

Injuring Growing Crops and
Materially Retards Fall
Seeding

(By The Associated Press)

WASHINGTON, Oct. 4.—Drought conditions threaten serious damage in many parts of the United States according to the weekly weather and crop review of the Weather Bureau tonight which reported that not only were late growing crops adversely affected, but the lack of moisture had materially slowed fall seeding. Warm and sunny weather characterized the week in most sections the review stated adding that it had been favorable for the maturity of many grain crops.

Pasture ranges, meadows and late truck crops were unfavorably affected and moisture was needed in many central and southern states for the germination of fall sown seed," the report said. "The soil was too dry for seeding winter grains in most sections."

The drying weather of the past week practically has natured the corn crop in the corn belt according to the review. In some late corn sections the drought conditions have cut the prospects to some extent it was reported.

OHIO MAN EATING LIONS TURN OUT TO BE AIREDALES

Searchers for Lions Run
Down Two Airedale
Dogs in Timber

(By The Associated Press)

TOLEDO, O., Oct. 4.—The ferocious man eating lions that have been terrorizing the natives in the vicinity of Mount Victory are two airedale dogs, according to Louis Scherer, keeper of the Toledo Zoo who returned here today after spending a day in the woods of Hardin county.

Scherer said he and his party were greeted by curious barks when they came upon "prey" at 4 o'clock this morning after an all night beating of the brambles.

He declared that the trail of the "beasts" ended when two airedale dogs were found concealed in a thicket.

The footprints of the "barking lions" corresponded with the prints pointed to by the frightened natives as those of the "jungle monarchs," Scherer said.

Despite Scherer's statement the hunt at Mount Victory continued thruout today.

CLOSE DOORS OF KANSAS BANK

Tokeka, Kans., Oct. 4.—The doors of the LaBette State Bank of LaBette, Kans., were closed today by order of the state banking department. CONFERENCE AT CONSTANTINOPLE MOVES SMOOTHLY

Ismet Pasha Says
Turks Accept Pro-
posals in Principle

(By The Associated Press)

CONSTANTINOPLE, Oct. 4.—Conciliation has marked the conference between the allied generals and the Turkish representative at Mudania. Ismet Pasha, who speaks for Mustafa Kemal Pasha, leader of the Nationalists, and also for the Ankara government, has announced that the government accepted the allied proposals in principle and he took occasion to explain at the opening of the session that the Turks "had no intention of creating incidents with the English."

The absence of the Greek representatives from Tuesday's meeting made little difference because the matters under discussion were of a general nature and had no immediate connection with the attitude which the Greeks might assume.

At today's meeting Ismet asked for a settlement of the Turkish administration of Thrace and requested that Thrace should be freed from all allied control but he felt that at least one month be required to effect the transfer. He also suggested, that there should be an allied covering force on the Maritza river and that a neutral zone should be created west of that river.

The allied generals explained that the proposed administrative measures must be subject to the approval of the governments concerned. Ismet then expressed a willingness to meet the Greek delegates.

At the opening of the proceedings on Tuesday, General Harrington, commander-in-chief of the allied forces, said that the objects of the conference were three fold.

First, to obtain a cessation of hostilities; second, to fix a line in Thrace behind which the Greek troops would be invited to withdraw, to arrange the details of evacuation and to transfer the administration to the Turks, the plans of which would be submitted to the powers; third, to pave the way for a future peace conference.

The Turks at first showed apathy with the details of the administration of Thrace until they had tested the sincerity of the allies' desire to restore Thrace to them. It was then pointed out that restoration depended upon the acceptance by the Turks of the joint allied note from Paris.

Ismet Pasha declared definitely that the note had been accepted in principle by the Ankara government. It was thought best to consider administrative arrangements without delay. General Charpy thereupon drafted a proposal on which discussion began.

SIR ROBERT HORNE COMING WITH EXPERTS

(By The Associated Press)

LONDON, Oct. 4.—It was definitely announced tonight that when Sir Robert Horne, chancellor of the exchequer sails for America to discuss the question of international debts with the American treasury officials and the debt funding commission he will be accompanied by several experts.

The list includes Montague Norman, governor of the Bank of England, P. H. Grigg, private secretary to the chancellor of the exchequer and Mr. Rowe Dutton, a high official of the British treasury.

U. OF I. COMMITTEE VISITS CAHOKIA MOUNDS

St. Louis, Oct. 4.—The art extension committee of the University of Illinois comprising 92 men and women from various parts of the state started homeward today after a day of sightseeing in St. Louis, Mo., and East St. Louis, Ill. Professor W. K. Moorehead led the party thru the Cahokia mound district which he is surveying. The visitors examined skeletons, bits of pottery, shells and bones excavated from the mounds. The party toured Alton, Ill., in automobiles and boarded the Steamer Golden Eagle for the return trip.

LABOR PARTISAN TO PRINCIPLE, NOT PARTY, LEADER SAYS

Samuel Gompers Issued
Statement at Wash-
ton Last Night

(By The Associated Press)

WASHINGTON, Oct. 4.—Declaring labor to be partisan to a principle rather than to a party, President Gompers, of the American Federation of Labor, in a formal statement tonight, predicted that no "important reactionary legislation" would be enacted by the next congress, because of labor's activities. The federation head asserted that labor has stung the reactionists in congress effectively, by its opposition to frozen and announced it would continue to take that stand thru the present campaign and election.

"Labor opposed New in Indiana, McCumber in North Dakota and Newberry in Michigan," the statement continued. "Labor is for Robert M. La Follette, it is for Hiram Johnson, it is for Smith in New York and Pinchot in Pennsylvania. It is for Frazier in North Dakota and for Brookhart in Iowa. These are but examples of our choice. Labor studies the record and endeavors to give its support to those who are worthy of trust."

MYSTERY CAR IN NEW BRUNSWICK CASE

(By The Associated Press)

NEW BRUNSWICK, N. J., Oct. 4.—A mystery car with three occupants—two men and a woman—was added today to the conflicting maze of clues among which Middlesex and Somerset county authorities are grouping in their efforts to apprehend the slayers of the Rev. Edward Hall and his choir leader, Mrs. Eleanor Mills. A. E. Soper, retired business man of Highland Park, said that on the night of the murders he passed a sedan in Russells Lane close to the spot where the bodies were found. He turned his searchlight on the car, he said, and observed that it contained two men and a woman. Altho he failed to recognize any of the trio, he said, he observed that the woman wore a light coat.

Mrs. Hall is known to have worn a polo coat of light gray on that night, when, according to her story, she left her home after midnight to seek her missing husband in his study at the Church of St. John the Evangelist. Mrs. Hall has told the investigators she was accompanied by her brother, "Willie," Stevens.

Witnesses who saw her re-enter her home say she returned alone. The Halls own a sedan car.

NO DEFINITE NEWS FROM CONSTANTINOPLE

(By The Associated Press)

LONDON, Oct. 4.—Late tonight, there was still no news from Constantinople giving definite information of the actual signature of any protocol or agreement at Mudania, or the results of today's meeting of the conference.

In official circles great satisfaction was expressed at the evident conciliatory disposition revealed in the conference which is considered distinctly favorable to peace, more especially the statement that the Kemalists had adopted the principle the allied note an ordered their troops to avoid contact with the British. The view expressed in official quarters tonight is that if the Turkish commander orders withdrawal in the Chanak zone thus securing effective separation of the British and Turkish troops, there will be no disposition on the part of the allies to stand out for complete withdrawal from the present neutral zone or insist on terms humiliating to the Turks.

TRIBUTE TO MEMORY OF RUTHERFORD B. HAYES

Fremont, O., Oct. 4.—Fremont paid fitting tribute today to its most distinguished citizen, President Rutherford B. Hayes on the one hundredth anniversary of his birth. Hundreds of visitors from all parts of the nation joined with the townspeople in recalling incidents in the career of the youth who left his home to become a leader in the Union army in the Civil War and later was elected to the highest office of the land.

A poignant depiction of the life of the President Hayes, men familiar with his career extolled his virtues and from President Harding came a letter in which high tribute was paid.

POLICE KILL MAN IN PEORIA

Peoria, Ill., Oct. 4.—Henry Miller, river front resident, was shot and killed tonight by a squad of police after he had wounded Frank L. Boswell, Rack Island railroad detective and defied capture behind barred doors of his shack for two hours. Miller was routed from his strong hold by a gas bomb after an attempt to set fire to the shack had failed. He emerged from the gas filled shanty to meet the fire of four riot guns and a dozen revolvers.

FIRST GAME OF WORLD'S SERIES GOES TO GIANTS

Come from Behind in
Eighth and Win by
Score of 3 to 2

(By The Associated Press)

NEW YORK, Oct. 3.—The unconquerable spirit to keep on trying when success doesn't come at first, carried the New York Nationals to victory this afternoon in their first clash with the New York Americans for the 1922 title of world baseball champions. The score was 3 to 2.

To overcome a 2 to 0 lead that the Yankees had acquired, the Giants turned back in all their previous assaults upon the American Leaguers' defense, crashed out four singles one right after another in the eighth inning and then crowned their attack with a sacrifice fly. The four hits crushed Joe Bush, the Yankee speed ball pitcher and tied the score.

Waite Hoyt succeeded Bush and on his fourth delivery yielded the hit which scored the deciding run of the game.

The Giant machine climbed up the hill in low speed. Early in the game when Bush and Art Nehf the Giants' southpaw were fighting a scoreless duel the Nationals couldn't score with two successive singles. In the seventh inning they banded out three one baggers in a row and couldn't score. The Giants simply went back in the eighth inning and kept on pounding out one baggers until it was impossible for the stubborn Yankee defense to prevent them from crossing the plate. Babe Ruth, the celebrated home run swatter swung violently at the ball all afternoon but his only success was in banging out a single that broke thru the monotony of the early scoreless innings, which Nehf and Bush imposed upon the batters.

Ruth's timely clout came in the sixth inning. Whitney Witt, the Yankees' center fielder had slammed a triple into left field and had been run down when he tried for home on a blow to short from the bat of Joe Dugan. As Witt lost in his chase to the plate, Dugan galloped to second base and from there he was sent in with the first run of the series when Ruth punched a short single into right field.

In the next inning the Yankees got their second run. Boh Meusel singled past Groh, Schang laid down a bunt to push Meusel to second, but before the Giants got thru playing with the bunt he had reached third.

Nehf in picking up the soft tap that Schang laid in front of the plate decided to try to catch Meusel at second instead of being satisfied with the out at first. He threw wild and the ball went past the second baseman and into right field. There it was fumbled by Young, this lapse permitting Schang to reach second while Meusel went to third. Ward then lifted a fly almost to the center field bleachers and Meusel trotted home.

Neither Pitcher Finished.

Neither Nehf nor Bush was able to finish the job he began. Each was suffering from a stone bruise on the heel. For six innings it appeared that like Achilles they had only this one vulnerable spot. But these appearances did not deceive the batters.

Nehf mixing his slow ball with his speedier service in a baffling medley had the Yankees fairly well subjugated until Witt broke thru with his triple. McGraw removed him in the seventh for a pinch hitter, Earl Smith, who went to bat after the Giants, with one out, had filled the bases on successive singles by Kelly, Steagel and Snyder.

Nehf, at the point came one of the big moments of the game, Smith crouching down, bided his time until the count stood three balls and two strikes. The Giants were two runs behind. Bush flung the next ball straight over the plate. Smith hit to Scott at short who threw to second starting a double play that once more smothered a Giant assault. It was from this setback that McGraw's men—Bancroft, Groh, Frisch, Meusel and Young came back in the eighth inning and pounded out the hits and sacrifice fly that brought victory.

In the field the Yankees played perfectly from start to finish. In a smooth steady manner. The Giants were different. Their defense was made up of flashes and flaws alike. Young made two errors, one of them costly, but he also won the cheers of the crowd for his catch and throw of Scott's hard liner that came in the fifth inning with the Yankees on first and second. Young slid to the ground as he caught the drive at his shoestrings but rising quickly he threw it to second where a mere touch of Frisch's foot to the bag was enough to complete a double play to set the Yankees back. Scott's blow a clean hit had never stopped racing toward home after leaving second. Bancroft too was a hero in the field.

A THOUGHT

Wash you; make you clean; put away the evil of your doings from before my eyes; cease to do evil; learn to do well.—Isaiah 1:17.

Will all great Neptune's ocean wash this blood

Clean from my hand? No, this hand will rather
The multitudinous seas incarnadine,
Making the green one red.

RAILROAD TRAFFIC HEAVY AT PRESENT

According to a statement issued by railway executives yesterday railroad traffic is almost equaling the greatest volume records ever made. With the present freight rates it would seem that railroads, especially those which operate thru the coal and grain territory, should soon get back on a paying basis.

GORING THE OTHER MANS OX

Dispatches tell us that Mr. Lamont's suggestion, made at the bankers convention in New York Tuesday, that the government should take some steps toward cancelling the allied debt was received with great cheers. However, had Mr. Lamont suggested that the bankers who have loaned the allies several billions cancel their loans, it is probable the applause would not have been so vociferous.

YOU'D LIKE HIM

(NEA)

New ideas are nearly as scarce as hen's teeth. Once in a while you meet an individual with a magnetic temperament, fairly bubbling with strikingly new ideas. Good company, mighty good. You "can sit and talk to him by the hour and never get tired."

Such a man is Prof. A. M. Low, England's great wireless expert. Like all Simon-pure radio fans, his interest is more in the future than the present. That is, he inclines toward chairvoyant personality.

We present his most striking ideas.

Don't rely on your senses, says Low, for they are liars. He twirls his cigar in a circle "That looks to your eyes like a circle of fire, doesn't it? But you know it is not." The eyes lie. They are incorrectly.

Speech will become unnecessary in the future. And people will converse with each other by some form of suggestion, electrical or otherwise. So predicts Low. He comments:

"After all, if I want to convey a thought to you, it seems rather crude that before I can convey the idea that is in my mind I have to waggle my mouth about and puff irregular gusts of wind thru my lips to produce sounds!"

Senses are so unreliable, says Low, that there are hundreds of colors that no human eye can see.

BERTON BRALEY'S DAILY POEM

Proportion

BY BERTON BRALEY

THEY talk about this "vale of tears,"
This world of "pain and woe and woe,"
And I'll admit that it appears
At times a pretty tragic show;
And yet, I'm not so sure, I know
How often mortals sob and sigh,
But none the less this, too, is so:
We laugh a lot more than we cry.

FOR life is full of little jokes
That bring a snicker or a shout,
And chuckles far outnumber croaks,
As near as I can figure out;
There's heaps of things to laugh about,
We can't avoid it if we try,
So though the world is harsh, no doubt;
We laugh a lot more than we cry.

WHEN sorrow comes and bitter grief,
Tears are a balm that soothe the ache,
They bring a deep and sure relief
To hearts that otherwise might break.
But when we sum up things, and take
An average, we can't deny,
In spite of all the kicks we make—
We laugh a lot more than we cry!

(Copyright, 1922, NEA Service)

And a dog can hear a whistle of a pitch inaudible to man.

We "know" a lot of things that aren't so, says Low. For instance, hit an electric light bulb with a hammer and you think the glass comes in contact with the steel and breaks it. Not so. Before the steel reaches the bulb, the glass is shattered by the cushion of air compressed and driven in front of the hammer. This is proved by the ultra-rapid movie camera, invented by Low.

Low is convinced that there will be many big wars in the future. But the armies, he predicts, will be invisible to one another, never meeting in open contact. Killing will be done by artificial lightning blasts of terrific heat and wireless-controlled bombs.

Then he switches to music, basis of which is rhythm, and says: "Our sense of rhythm comes from the time when we were some form of primitive life on the seashore waiting for the returning tide to give us our food."

Burgoo soup, sandwiches, pie a la mode, coffee, served by the Woodson Christian church at J. L. Henry sale Friday noon and evening. Aid members bring or send two pies each.

Mrs. J. H. Lemon and daughter Miss Florence, of Manchester were among the Wednesday shoppers in Jacksonville.

DEATHS

Huff.

The death of Mrs. Joshua P. Huff occurred at the family home, 515 Sandusky street, this (Thursday) morning at 12:30. A more extended obituary will be published later and the time of the funeral will be published later.

Evans.

The death of Arthur Evans occurred at a local hospital Wednesday morning. The body was removed to the Reynolds Mortuary and prepared for burial. It will be shipped to Saybrook, Ill., today accompanied by relatives from that place. Funeral services will be held at Saybrook Friday.

Dillow

The death of Henry Dillow, a resident of Chandlerville, occurred at Passavant hospital Tuesday evening. He had been a patient at the hospital one week. The deceased is survived by a wife and several children all of whom arrived in the city a short time before his death.

The remains were taken in charge by an undertaker from Chandlerville and removed to his home town. Decedent was 54 years old.

Hopkins.

Harvey M. Hopkins died at his home, 132 Prospect street, Wednesday morning. Mr. Hopkins' condition has been regarded as critical for several weeks and death was not unexpected.

Mr. Hopkins, who was familiarly known as "Doc" was the son of Dr. and Mrs. A. G. Hopkins and was born in Detroit, Mich., June 12, 1877. He was united in marriage at Geneseo, Illinois, April 25, 1900, to Miss Henrietta Schaefer who survives. He also leaves his mother who resides in Burlington, Iowa.

For a number of years Mr. Hopkins was a traveling salesman and was associated with the MacFarlin Six Automobile company of Connersville, Ind. He became a resident of Jacksonville in 1912. In August, 1917, he engaged in the automobile business in this city.

Because of his genial disposition Mr. Hopkins attained a large circle of friends who will receive the news of his death with regret. The remains were removed to the Reynolds Mortuary and prepared for burial. Funeral services will be held from the Reynolds chapel at 3 o'clock with interment in Diamond Grove cemetery.

ATTENDED GOOD ROADS MEETING

Jacksonville Men Confer With Mt. Sterling People Relative to Federal Aid Road to Quincy.

W. E. Sullivan, president of the Morgan County Good Roads association; L. V. Baldwin, supervisor of highways, and Frank Mawson, county commissioner, left Jacksonville Wednesday morning for a trip over the proposed route for the desired federal aid road between this city and Mt. Sterling.

At Mt. Sterling the party was met by Senator J. A. Wheeler of Springfield; A. G. Bates, Versailles; H. L. Deppe, Rev. G. W. Holmes, Charles Gard, and L. F. Berger, of Moredosia. Mt. Sterling citizens who joined the road boosters were Hon. Walter Manney, George Givens, Lyl Crane and Thomas Craxton.

The object of the meeting Wednesday was to get together on plans and outline work needed to secure the federal aid road. Senator Wheeler addressed the meeting and promised every aid in his power. Each of those present expressed himself on the project and it was felt by the Jacksonville men that the trip had resulted in considerable progress toward securing the aid needed for the route, Jacksonville to Mt. Sterling.

Formal opening today.

SEGREGATED RACES AT ST. CHARLES

St. Charles, Ill.—By the A. P. Colored and white boys are being separated in cottages at the State School for Boys here, according to a new plan announced. The new system was undertaken, it is stated, not as a discrimination against colored boys, but to bring about improved discipline. All the larger colored boys have been placed in Cottage B in charge of Mr. and Mrs. Archie Hamlin of Aurora. The smaller colored lads have been placed in a second cottage.

CHARMING WEDDING AT WINCHESTER HOME

Miss Ruth Coultas Became Bride of James Doyle Wednesday Afternoon—Other Winchester News Notes of Interest.

WINCHESTER, Oct. 4.—Wednesday afternoon at 4 o'clock occurred the marriage of Miss Ruth Coultas, daughter of Mr. and Mrs. W. E. Coultas, to James Doyle, Jr., son of Mr. and Mrs. James Doyle.

A large number of relatives and friends assembled at the home just before the hour. The guests were received by the mother of the bride, who was attired in a brown tulle gown. Miss Susie O'Donnell sang beautifully "At Dawning" by Cadman; "I Love You Truly," by Carrie Jacobs Bond, and the bridal chorus from Lohengrin, accompanied by Mrs. C. F. Larsson.

Miss Marjorie Mader as bridesmaid descended the stairs, wearing a pleasing gown of shrimp cotton crepe, and carrying a bouquet of Ward roses. Following was the charming bride, attired in a beautiful gown of white silk Spanish lace over white liberty satin. She wore a long bridal veil with a wreath of orange blossoms and carried an exquisite shower bouquet of brides' roses, lilies of the valley and maiden hair fern.

The party entered the living room which was elaborately decorated with asparagus fern, white chrysanthemums and cosmos, and were met by Father O'Mullane and the groom with the best man, Floyd Hamilton.

They stood before the canopy beautifully decorated with ferns and white flowers, while Father O'Mullane performed the impressive double ring ceremony.

Hearty congratulations followed and a three course luncheon was served. The wedding party was seated in the dining room, which was handsomely decorated in green and white. A large wedding cake adorned the center of the table.

Mrs. Doyle is one of Winchester's popular young ladies. She attended the public schools and later graduated from the Winchester high school. Mr. Doyle also attended the Winchester schools and is now a successful farmer of the Winchester community. He and his bride have many friends to extend hearty congratulations.

Mr. and Mrs. Doyle left about 6 o'clock amid a shower of rice, and after a wedding journey to Chicago and other points will go to housekeeping on a farm about two and a half miles southeast of town.

The out of town guests were Mr. and Mrs. J. G. Gordon, Mr. and Mrs. O. C. Stainsforth, Mrs. Oliver Coultas, Mr. and Mrs. Harry Coultas, all of Lynville; Mrs. C. F. Larsson, Edward Doyle, Chicago; Mrs. Minnie Coultas and son, of Markham; Mrs. James Cooney and son of Centralia; Mr. and Mrs. D. L. Bentley and Miss Elizabeth Doyle, Jacksonville.

News Notes.
John Schurlock arrived Monday from Denver, Colo., motoring thru in his car, to join his wife and little son, who are visiting at the home of her mother, Mrs. N. T. Lashmet.

Mrs. William Metzger and little daughter of East St. Louis are here visiting relatives.

A son was born Wednesday to Mr. and Mrs. Oscar McEvers.

The funeral of the infant daughter of Mr. and Mrs. Charles Claywell occurred Wednesday afternoon at 2:30 o'clock from the Christian church. A large company of friends were present for the service, which was conducted by Rev. Mr. Johnson.

A duet was sung by Mrs. Gertrude Demereth and Miss Pearl Wilson. The flowers were in charge of Louise and Esther Wheeler of Jacksonville, Mabel King, Thelma, Grace and Ruby Claywell.

Burial was made in the Winchester cemetery, the pall bearers being Viola Newman, June Evans, Ruth Buckley, Fay Cox.

IMPERIAL WIZARD PRO TEM WITHDRAWS

(By The Associated Press)
ATLANTA, Ga., Oct. 4.—Formal withdrawal from all official connection with the Ku Klux Klan will be made on November 10 to by Edward Young Clarke, Imperial wizard pro tem, he announced today saying its affairs could be turned over then to William J. Simmons, founder and Imperial wizard of the order.

Mr. Clarke said the first national convention of the Klan would be held in Atlanta the first week in November and he desired to relinquish authority to Colonel Simmons, who is said to have recovered his health.

In a statement accompanying his resignation Mr. Clarke said that more than a year ago, when the attack on the Klan was at its height and he was the principal target he announced his intention of retaining his position until organization of the machine was completed. This has been done, he said and he is ready to turn the affairs over to others.

ALLEGED VIOLATIONS OF PROHIBITION LAW

Marquette, Mich., Oct. 4.—Nearly 200 cases involving alleged violations of the prohibition law will be presented to the grand jury in federal district court which convenes tomorrow. All of the cases originated in the upper peninsula and are the result of work by federal agents. This is said to be the largest number of liquor cases listed for a single term of federal court in Michigan since the Volstead law became effective.

ALL ALLIES IN MEET Eight Nations Send Men to Veteran Gathering

New Orleans.—Representatives of World War Veterans of eight nations will be present at the third international conference of the FIDAC (Federation Inter-allies Des Anciens Combattants) or the Interallied Veterans' Federation, which will be held here three days, starting October 1, preceding the national convention of the American Legion.

Questions of international importance affecting the welfare of the former soldier will be discussed. Among these are the problems of immigration and emigration, hospitalization and rehabilitation methods used for disabled soldiers in various countries, exchange and commercial and industrial agreements among allied war veterans.

A constructive effort will be launched by the American delegates to bring about in Europe a better understanding of our immigration laws. By thorough study and explanation it is hoped that much of the misunderstanding and bitterness abroad on this account will disappear.

Each of the member countries will be represented by five delegates. Charles Bertrand, a member of the French chamber of deputies, will head the visiting delegation. He is serving his second term as president of the federation.

Colonel H. Nelson Jackson of Burlington, Vt., one of the vice commanders of the American Legion, will be chairman of America's representation. Italy's delegation will be headed by Ezio Gioja, that of England by Dudley Taylor; Belgium, Julien David; Rumania, Dr. Vergile Serdaru; Czechoslovakia, Henri Holceek; Serbia, Yourichitch, Storum.

Here are the international leaders of the allied veterans' organization. Large pictures are Colonel Canot Ward, America, and Charles Bertrand, France, president. Above, left to right are: Julian David, Belgium; Ezio Gioja, Italy; Henri Holceek, Czechoslovakia; Dr. Vergile Serdaru, Rumania. Insert below is Yourichitch Storum, Serbia.

Facts About Child-Birth

An eminent physician has shown to thousands of expectant mothers just how to be free from dread, and from much of the suffering which many mothers experience for months, right up to the moment when the little one arrives!

Mrs. Wm. Washington, 197 Louise Ave., Nashville, Tenn., says: "There is positively no woman on earth that would be without Mother's Friend during expectancy if she only knew the value of comfort."

"Mother's Friend" is externally applied to the region of the abdomen, back and hips. It relieves the tension on nerves and ligaments as month follows month. Finally, it makes childbirth a joy instead of a painful dread.

Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., 24-27, Atlanta, Ga. for a free wonderful book containing information every expectant mother should have. Get a "Mother's Friend" today. It is sold by all druggists everywhere.

of Columbus, Ohio, brother of President Harding, Rear-Admiral W. A. Moffett and others. Messages endorsing the organization which speakers declared would be training 500,000 boys for citizenship each year within a decade were read from President Harding, Chief Justice Taft, Attorney General Daugherty, Secretary Hoover, Robert Lansing, former secretary of state, Theodore Roosevelt and others.

NATIONALIST LEADER CHEERED IN MANDALAY

Great Ovation Given to U. Ottoma
Burmese Monk—Has Been in
Maubin Jail.

MANDALAY, Burma.—Mandalay gave the greatest ovation in its history recently to U. Ottoma, the Burmese monk and Nationalist leader, who came to the city from the Maubin jail where he had been shut away for his political activities.

The city went wild, for Mandalay. At the railroad station U. Ottoma was placed in a palanquin and carried thru the streets. Eight thousand monks and 50,000 people lined the way to greet him. There were many flags, much bunting, and countless political mottoes hanging from trees. Women threw flowers and rice in front of U. Ottoma, presented him with gifts, and distributed fans, betel nuts, cold drinks and tea among the marchers. There was singing all along the line of march and music from Burmese bands.

U. Ottoma was called upon to make an address. He dwelt upon the country's national aspirations. "There has come a distinct change in the mentality of the Burmese people," he said. "The old cringing before a sunburnt autocrat has given place to a manlier outlook. We have begun to take active interest in everything that happens in Burma as well as India."

"We are born in an age of new world-awakening. We are nurtured in ideals. Let us take courage in our hands, and with a will and determination spring into the fire of patriotism and our road is clear before us. It is a question of the realization of the true spirit of freedom."

"If we can induce our people to take to hand-made cloths and avoid many useless luxuries of foreign make, home rule will be secured to us at no distant date. Englishmen do not want your country if they cannot make money out of you."

MAKE ANALYSIS OF THE CONSTITUTION

Chicago.—By the A. P.—An analysis of the proposed Illinois constitution was made before a meeting of the Illinois League of Women Voters here today by Walter F. Dodd of Chicago, formerly secretary of the Illinois Legislative Reference Bureau. He declared that the test of the document was comparison with the constitution of 1870.

"It has the qualities," he said, "of the group of less satisfactory state constitutions—defective draftsmanship, excessive detail, and an amending clause which makes such detail difficult to change. But this will not determine how we shall vote on the revision. Is it better than what we now have, and if better, is the difference sufficient to justify incurring the difficulties incident to a change? Its more important features are presentation, judi-

from secretaries Davis and Hoover."

Operators Send Telegram

Following the adoption of this motion by the joint conference a telegram was sent by the operators to Secretary Hoover stating that they believed that the suggestion to name a fact finding commission is not a matter for the consideration of the joint conference and that they "prefer to leave its selection to the president without suggestion from the coal operators."

The telegram further stated that "we shall give the commission our full cooperation."

President Lewis for the miners tonight wired ten names to Secretary Hoover but declined to make them public.

The joint conference gave up its proposed commission of inquiry within the industry, explaining that at the time the Cleveland agreement was drawn up the Borah-Winslow bill creating a fact finding commission had not been proposed.

At the close of the joint conference, Thomas Mahr of Cleveland, temporary chairman, asserted that the convention had accomplished everything it had set to do.

President Lewis said: "The manner in which the business was dispatched, augurs well for future relations within the industry."

Delegates left for their homes tonight.

It was learned from an authoritative union source tonight that in the recent count of ballots nominating officials of the United Mine Workers, between 1600 and 1700 local unions cast their ballots for President, Lewis and 128 locals voted for George Mercer, statistician of the Illinois miners to succeed Lewis as president. The nomination of Philip Murray of Pittsburgh, to succeed himself

as international vice-president was practically unanimous. There was practically no opposition to the nomination of William Green of Indianapolis to succeed himself as international secretary-treasurer.

COUNSEL AWAITS COURT'S FINAL WORD

(By The Associated Press)

WHITE PLAINS, N. Y., Oct. 4.—Counsel for Mrs. Ann U. Stillman tonight awaited Supreme Court Justice Morschauer's last word on the Stillman divorce case confident that the court would clinch with a decree the sweeping victory she won last week when Referee Daniel J. Gleason recommended dismissal of the divorce suit brought by James A. Stillman, her rich banker husband and affirmation of the legitimacy of her youngest child, Baby Guy.

The decision is expected tomorrow. Stillman then will have the alternative of taking an appeal from the decision to the appellate division of the supreme court or giving up his fight to prove Fred Beauvais, Indian guide the paramour of his wife and the father of Guy. His counsel indicates Stillman would fight to the last ditch.

Wild ducks and many other sea-loving birds prefer to bathe in fresh water, and will make long journeys inland in order to get it.

Don't Forget Your Sweet Tooth It's Your Daily Inducement to Eat More of Your Best Food

SUGAR is your gift-edged invitation, issued three times each day, urging you to eat bread.
THE VALUE of this quality cannot be overestimated for it makes possible the ability to eat bread three times a day, every day in the year, without ever tiring of it.
THE APPETIZING temptation of the crisp, brown crust is the direct effect of sugar, and the sweetness of the sunshine that ripens the sugar cane is in the delicious flavor of Ideal breads.

Sugar is just one of the reasons why Ideal Breads produce abounding energy and endurance, the main-spring of health and happiness.
Ideal Breads contain cane sugar, pure and refined, in just the right amount to make you want to eat more today than yesterday, for increased energy creates a greater appetite for nourishing, wholesome food—the best there is—which only rightly made breads, such as ours can supply.

AMERICAN GIRL BEATS THE DUTCH

Great Chaos in Holland With Modern Dress—Dutch Girls Try to Imitate Them.

Volendam, Holland.—By The A. P.—The people of this seaside village have two sources of income, fishing, and the tourists who come to see the medieval costumes of the villagers and comment on their adherence to old time customs. The men catch the one, and the girls the other. For Volendam has its belles, and the old world attire of their forbears becomes them well.

But this year hundreds of American "dappers" have been among Volendam's visitors, and they have introduced chaos. The local girls have not been blind to the charms which the svelte American girls seem to hold for the young men of Volendam, and it is no uncommon sight to see Volendam misses walking behind groups of American girls, making vain attempts to imitate the stouping, lachrymical walk and blasé air of assumed world-widom.

The debutante slouch, the long pointed shoes with French heels, the short, scant skirts and chic hats have aroused the envy of the young Dutch women and created a panic in the village which may cease to be a great mart for souvenirs if its female population begins to copy world fashion sheets.

The village elders are up in arms. Tirades are launched against the follies and foibles of fashion. The lacemakers who fashion the quaint white caps for women, the manufacturers who turn out the wooden shoes, and the shoemakers who thrive on the quaintness of Volendam are conducting an anti-flapper campaign.

Of course there are Dutch flappers, but the Dutch girls generally have too much weight to simulate fashion sheets successfully, and Dutch modistes lack the skill of American dressmakers. So the American girls and their extreme attire have stirred little Dutch girls who were never thrilled by the efforts of the girls of Amsterdam to copy the mannish of Longchamps.

MEMORIES OF OLD STAGE COACH REVIVED

Springfield, Ill.—By The A. P.—Memories of the time when the stage coach was in its hey-day, specially along the old National Road, which in the early years of the last century ran from Cumberland, Md., out thru Southern Illinois, are revived in the application of the Wabash Valley Transit company for the right to

operate a motor bus line over the old road.

The company has asked the Illinois Commerce Commission for a certificate of convenience and necessity to run motor buses over the National Road from Marshall, Ill., near the Indiana line, to Effingham. It was over this highway that the stage coaches and the "Mountain ships" carrying huge loads of freight plied their way a century ago.

Danville, Ill.—(By The A. P.)—The Central Illinois Radiological association will meet here Oct. 22, according to announcement of the Danville Chamber of Commerce. The organization is composed of physicians and X-ray practitioners in Central Illinois. Fifty delegates are expected. Demonstrations of new features of the x-ray and papers on allied subjects will compose the activities of the meeting.

ELKS WILL MAKE PLANS FOR SHOW

Plans are under way for some kind of an entertainment to be given, or sponsored by Jacksonville Lodge No. 682 B. P. O. E. A committee headed by Denham Harney was appointed yesterday at an early meeting of the committee it will probably be decided what the nature of the Elks show for this year is to be.

There has been some discussion as to whether or not a home talent play will be put on by the Elks this year, as in previous years. If this is not done, a play or musical show will probably be brought to Jacksonville and presented under the auspices of the organization. The Elks' show is always one of the best and most popular attractions of the season in Jacksonville and will be looked forward to with much pleasure by local people. The entertainment will be put on sometime in December and definite announcement as to the nature of the production will be made in the near future.

The members of the committee of which Mr. Harney is chairman, are as follows: Dick Reynolds, W. A. Berryman, John Larson, E. A. Brennan, Harry Cain, Fred Hopper, Wood Phillips, J. Barr Brown, Charles Kahl, and W. A. Fay.

MISS LAILA EKKINER RECEIVES HONORS

Word has been received at Illinois Woman's College that two years ago, has been awarded a scholarship to the Eastman School of Music at Rochester, New York. The scholarship was won in a competitive contest with pianists from all over the east. Miss Skinner has studied for one year at the Eastman School and will graduate from the institution in June, 1923.

Miss Skinner has been appointed to represent the local college at the inauguration of President Samuel Paul Capen at the University of Buffalo. The service will be held on October 28th and representatives from colleges all over the country will be present to march in the academic procession, and extend greetings to the new president.

ELECTED OFFICERS

The board of managers of the Old People's Home of the Christian church held a meeting Tuesday night for the election of officers. Practically the entire board was re-elected. A. C. Rice was again chosen as president of the board, making his eleventh annual election to the office. Other officers were reelected as follows:

First Vice President—Mrs. Nannie Rawlings.

Second Vice President—Mrs. Felix Sims.

Recording Secretary—Mrs. W. T. Clarkson.

Corresponding Secretary—Miss Mary Maher.

A treasurer will probably be elected at the next regular meeting of the board.

MUCH INTEREST AT BAPTIST CONVENTION

Rev. Wallace St. John of Rangoon, Burma, Made Principal Address—Program for Closing Session Given.

With the exception of one instance the Wednesday program of the two county Baptist conventions was carried out as published. A missionary tableau which was to have been given during the afternoon could not be put on because of illness of one of the participants. Otherwise a splendid program was heard.

Last night the meeting was opened by a devotional service by the Rev. Benjamin Johnson of Springfield, Ill. Rev. W. H. Snowden of Jacksonville offered greeting from the colored Baptists of the city. The K. of P. male quartet failed to show up so a duet given by Miss Armstrong of Illinois college conservatory of music and Homer Woods of Pisgah, director of music during the meeting.

The principal speaker of the evening was Rev. Wallace St. John of Rangoon, Burma. He gave a missionary talk upon the accomplishments of the Baptist missions and colleges in India. He mentioned the fact that Wayne Gard of Jacksonville and himself had worked together for a few months and a deep friendship had grown between them. Rev. St. John stated that so many people went abroad to India to visit and when they reacted their experiences back home, they failed to mention the wonderful work of the missions, but laid most stress on the beautiful scenery and buildings. More interest should be taken in the Christian work abroad.

Following Rev. St. John's lecture were shown the benefit motion pictures, "The Soldiers of the Cross." The following committees were appointed by the moderator, A. A. Curry at the morning session.

Charitable Institutions—Rev. Ben Johnson, Rev. L. H. Williams, Alton; W. H. Mosely, Union.

S. S. and B. Y. P. U.—Charles Story, C. O. Swift, Samuel Crum, Litterberry.

REV. C. M. EAMES ADDRESSED STUDENTS

Made Splendid Address at Illinois College Chapel—Told of His Work in China.

The students at Illinois College were given a treat Wednesday morning in chapel when they listened to Rev. Charles M. Eames who recently returned from his duties in China. The student body was interested in knowing that Rev. Eames was in the Class of '04 at Illinois. He told of the work he has been conducting for the past fifteen years in China. He has been doing famine work on several occasions, at times on account of flood, crop failures and various other causes. He told of the rationing of grain to the people during a famine. The premises were searched from foundation to roof and if no grain was found, that family would be put on the ration list. He related a few experiences pertaining to the mode of traveling on wheelbarrows and the like, and his description of the streets was very clear, some being little over six or eight feet in width.

The people depend too much on the soil for their livelihood. The soil after many centuries of cultivation has become unfruitful. Every few years a crop failure causes much suffering.

Rev. Eames described the enormous coal fields with veins of coal six feet in thickness and over, and in the same vicinity. Iron ore crops out of the top of the soil, thus giving indications of a vast mineral wealth. What would that mean in this country? Large steel industries would spring up overnight, putting the people to work and giving them money to buy imported food during a crop failure, thus avoiding the dreaded famine.

Great engineering and construction plans have been completed and as soon as peace between the factions can be restored a great modern growth in China will begin.

OPEN AIR SCHOOL TO BE IN OPERATION SOON

Superintendent Perin of the city schools announced yesterday that the Josephine Milligan Open Air school would be soon opened. The work of remodeling the building is nearing completion and it is thought the building will be ready for occupancy sometime next week.

The building as remodeled consists of a utility department and the regular school building. In the utility department will be the laboratories, shower baths, nurses quarters and the dining hall. There will be quarters for 40 pupils in the school.

The staff of the school is: Principal—Miss Edith Nichol. Assistant—Miss Burmeister. Chief Nurse—Miss Maude Ryman.

Clinic Chief—Dr. R. V. Brokaw. Dr. Brokaw will be assisted by Dr. W. C. Martini, head of Oak Lawn Sanatorium, and other physicians of the city. This staff may later be increased by the addition of a psychologist.

FATHER ON HIS VACATION COMING

The latest of the "Bringing Up Father" series, the musical farce based on the world-famous cartoons of George McManus, will be the next attraction at the Grand theatre Monday night. It is in three acts and entitled "Father on His Vacation." From all accounts it is the last word in fun, comedy, innovations, scenic adornment, surprises, screams and real, unalloyed and up-to-the-minute entertainment. Jiggs Mahoney, Maggie and Dinty and the remainder of the Mahoney clan all will be seen in the flesh. This in itself is an assurance that there should be plenty of doings in the world of mirth and guffaw before we mortals are very much older.

Marion Henderson of South East street plans to leave today for Tucson, Arizona where he will spend a number of months. He will join his mother, Mrs. S. M. Henderson who is spending the winter there.

FOUNDER'S DAY TO BE OBSERVED AT I. W. C.

Date Set is October 10—Dinner to Be Served at Peacock Inn.

On Tuesday October 10th the annual Founder's Day will be observed at Illinois Woman's College. The former students and alumnae of the college are planning a dinner to be held at Peacock Inn at five-thirty o'clock Tuesday evening. At this dinner the new and beautiful custom of "Candle Lighting" will be observed for the second time since its inauguration. The first time this impressive custom was observed was during commencement week of this year.

All the former students and alumnae of the college are invited and urged to be present at the dinner at the Peacock Inn. Miss Esther Davis as the local alumnae secretary, is chairman of the committee arranging for the affair. Dinner will be served at five-thirty and this will be followed by some informal singing of favorite college songs. The company will then adjourn to the college where the alumnae college and former students will join with the students in a regular college sing.

The purpose of the dinner is for all the Woman's College people in Jacksonville to become acquainted and also to emphasize the candle lighting service. While the students at the college are celebrating the candle lighting at I. W. C. her former students will observe the custom also. The following announcement is being sent out to all who have ever attended Illinois Woman's College: On two days of every year—Founder's Day October 10, and Alumnae Day, the first Monday in June.

Every woman who has ever attended the Illinois Woman's College will have on the table at the Evening Meal two lighted Candles A Yellow and A Blue Candle in happy remembrance of College days, and as a token of continued interest in the College, and of communion with every other former student.

This custom will be observed at the College itself.

In any city where there is a Woman's College Society, in any place where two or more former students can get together.

In every Woman's College home, or wherever any former student takes her meal alone.

And as the candles burn, and revive happy College memories, the heart will sing the refrain of the old College song:

"O College dear, we love but thee,

And will be always true."

And thought messages of loving appreciation will be sent back to the dear old College home, and a prayer that all her needs of equipment and endowment may be met, to make and keep her one of the best old colleges in the whole United States.

"She is a small College, but there are those who love her."

RECRUITING OFFICERS ARE KEPT BUSY

Officers conducting the recruiting campaign have been quite busy in the last few days, because the list of names of young men wishing to take the examination for the cadet course has been growing steadily larger.

Lieutenant Harold McGinnis stated that there were several who lacked the education required to take the examination but having sufficient other training such as mechanical ability or business training equivalent to a common school education, which will enable them to enter A. S. T. S.

Among the applicants recently accepted and sent to the air service technical school located at Chanute Field, Rantoul, Illinois, are Lewis James Welker and Eddie William Kramer, both of Bath, Ill.

CONGREGATIONAL CHURCH RUMMAGE SALE

Will Honor Mrs. Tandy at Evening Reception.

The members of Caritas Rebekah lodge No. 625, will be the hostesses at a reception to be given this evening in honor of Mrs. Myrtle Tandy, who was recently elected vice president of the Rebekah association at the international meeting of Rebekah assemblies in Detroit, Mich. The reception will be held in the Odd Fellows hall on West State street this evening following the regular business session of the lodge.

Plans have been made for a most enjoyable affair. The members of Jacksonville lodge No. 13, have been invited and several hundred are expected. The informal reception will begin at 8:30 o'clock and during the evening an interesting program will be given. Mrs. Ben Rodhouse has been asked to give some readings, Miss Opal Windmiller is to play a number of piano selections and Mrs. Clyde Black will sing a solo. Following the program a delicious luncheon will be served.

Mrs. W. E. Thomson is the chairman for the affair and she is assisted by Mrs. Clyde Singley, Mrs. G. R. Bradley and Miss Isabelle Hocking. The function is in charge of the members of the Past Noble Grand club and Mrs. Louis Piepenberg as president of the club is the general chairman in charge. Mrs. Ralph Crabtree is the chairman of the social committee and she will be assisted by Mrs. Charles Roberts and Mrs. J. B. Suiter.

Attractive Reception at Elks Home Yesterday.

One of the first of the delightful social events of the fall season at Jacksonville was the charming reception given yesterday afternoon at the Elks home in honor of Mrs. Wood Phillips, a bride of June. The affair was given by Mrs. G. T. Wiswell, Mrs. Loren H. Sackett, and Miss Wiswell and was a most attractive function.

Over one hundred and fifty guests had been invited to the affair which was an afternoon reception tea with the hours from 3 o'clock until 5. The reception room of the Elks home had been made most beautiful and artistic with quantities of colorful fall flowers, and many lovely roses and ferns.

In the dining room where a delicious afternoon tea menu was served, snaz dragon had been used in profusion. A number of girls from the younger set assisted in serving in the dining room.

Those who assisted the hostesses in entertaining were Mrs. H. K. Chenoweth, Mrs. A. K. Gregory, Mrs. L. H. Clampt, Mrs. Harlan Williamson, Mrs. E. W. Brown, Mrs. Marcy Osborne, Mrs. F. J. Andrews, Mrs. W. H. Weirich, Mrs. Charles Brown, Mrs. Fount Andrews, Mrs. John Mitchell, Mrs. A. M. Masters, Mrs. John Lane, Mrs. Barr Brown, Mrs. Lloyd Brown, Mrs. G. B. Andre, Mrs. Lillian King, Mrs. A. M. King, Mrs. Fletcher Hopper, Mrs. Sallie Miller, Mrs. Byron Gailley, Mrs. Paul Thompson, Mrs. Chester Hemphill, Mrs. Hugh Green, Mrs. Fred Buck of Springfield, Miss Margaret Clampt, Miss Esther Davis, Miss Eleanor Masters, Miss Alma Mackness, Miss Pauline McMurphy and Miss Dorothy Farrell.

Among the out of town guests at the affair were Mrs. Mrs. Frederick Buck, Miss Brown and Miss Armstrong of Springfield; Mrs. Boynton Warren of New Berlin, Mrs. J. H. Hubbs and Mrs. Floyd Frye of Prentice, Miss Irene McCullough of Winchester, Mrs. Albert Curry, Mrs. Charles Wood and Mrs. Leonard Wood of Pisgah and Mrs. James A. Day of Springfield.

FUNERALS

Flynn.

Funeral services for the late Thomas Flynn were held at the Church of Our Savior Wednesday morning at 8:30 o'clock. The Rev. F. F. Formaz was the officiating clergyman. Many friends of the deceased were present to pay their last respects to one of the city's oldest residents. The Mayor and the entire city council attended in a body.

After celebration of high mass at the church the remains were taken to Calvary cemetery where interment was made. Many beautiful floral tributes manifested the high esteem in which the deceased was held and these were aed for by the Misses Manie Shields, May Hoban and Mrs. Helen Lair.

The bearers were James Trahey, John Shields, Terrance Sloan, Mike O'Brien, Richard Heffron, Louis Sweeney, James McCabe and J. P. Corcoran.

CAMPAIGN BEGINS FOR MEREDOSIA BRIDGE FUND

A campaign to raise the \$2,000 necessary for this city's share of the Meredosia bridge fund was inaugurated yesterday and reports last night indicated that very satisfactory progress had been made during the day.

The committee which is in the undertaking held a meeting at the Chamber of Commerce rooms yesterday morning and decided upon details as to the campaign. Later the committee members started actively upon the soliciting work and met with such success that the fund will in all probability be completed today.

When the sum has been raised a local delegation will carry it to Meredosia and present it to the proper authorities.

WITH THE SICK

Dave Hexter of Ashland was received as a patient to Our Savior's hospital yesterday. Mr. Hexter was operated on for appendicitis and is reported getting along nicely.

Graham, Stephen—Europe—Whither Bound? There is no more independent, shrewd observer than Stephen Graham and he wondered where Europe is going to now since the war and determined to analyze the situation, which is a poignant question of today. He felt that Europe has begun a rapid decline, though no one dares to think that she will continue in it downwards until she reaches the chaos and barbarity and misery from which she sprang. He feels that affairs will soon take a turn for the better and Europe will resume her balance and reach the road of progress she was on seven years ago before the war from capital to capital in order to Mr. Graham went on a rapid tour obtain an idea of Europe as a whole. Starting at Athens, he went on to Constantinople, Sofia, Belgrade, Munich, Berlin, Budapest, Vienna, Prague, Warsaw, Rome, Monte Carlo, London and ended in Paris. In his own vivid fashion he relates what he saw and heard, what influences for

good he observed and what influences for evil. In general talk with the politicians and with men in the street he learned of the attitude of the people toward the catastrophe of the war, the changed conditions that have come upon them and the doubtful future ahead of them. From these varied and wide experiences, he builds up a detailed and impressive picture of Europe as it is today, facing the facts, recording the distrust, fear, jealousy, greed and hatred the confusion of passions left in the wake of war. It is an intensely interesting traveler's tale, an intimate first hand history of what the war has done to Europe. Get it at the Public Library.

WILL LAY CORNER
STONE OF SCHOOL

Appropriate Ceremonies Will Mark the Event on October 16 Mrs. Deliah Duncan Celebrates Birthday.

White Hall, Oct. 4.—The corner stone of the new high building on North Main street will be laid under Masonic auspices on Monday, Oct. 16, by Elmer E. Beach of Chicago, grand master, assisted by former Governor Frank O. Lowden, grand orator. The exercises will begin at 2 o'clock. Negotiations for the presence of the Shrine patrol and band from Anson temple of Springfield are making favorable progress, according to Dr. E. J. Peck, in charge of that feature of the arrangements. The participation of the schools on an elaborate scale is being arranged by Supt. D. H. Wells and Principal Ruth Evans. The event promises to be an imposing one. R. S. Dickson, dean of local Masons, states that all Masons are invited to participate.

The 82nd birthday anniversary of Mrs. Deliah Duncan has been celebrated by a dinner party prepared by the aged hostess herself. Very cleverly she arranged the event as a surprise on her immediate friends, and her reversal of the customary idea of surprise gatherings worked out quite satisfactorily, the party consisting of Mrs. Alice Porter, Mrs. Cora Baldwin, Mrs. Elizabeth Duncan and daughter, Miss Emma, and Mrs. Henry Baldwin.

The rivalry among the fraternity of 80-year old folks of White Hall and vicinity continues to reveal remarkable activity and longevity in the many and various ways of exhibiting the stamina and constitutional vigor of a large element of the White Hall population of near centenarians.

Miss Ethel Culbertson is attending a convention of operators of the Illinois Telephone Co., in Peoria this week, she being chief operator of the local office.

The marriage of Jefferson Dawson and Mrs. Mary Anderson was solemnized by Judge Thomas Henshaw in the court house at Carrollton Tuesday morning. The couple was driven to Carrollton in an auto by Russell Anderson, son of the bride. They remained to spend the day at the county fair, returning by train at night, and will make their home in the Anderson property in this city.

The groom is well known here, has resided at Hillview for several years. He is a veteran of the Civil War. His age is 78 and that of the bride 64. They are a couple held in high esteem by a wide circle of friends.

Stop for 10 Days

Stop brushing teeth in ineffective ways

See what new beauty this new way brings

Nearly all the world over, leading dentists are advising people to brush teeth in a new way. Millions of people now do it every day.

You see the results wherever you look. Teeth now glisten which once were dim. Women have new charm, new beauty. They show teeth when they smile.

This is to urge all other people to try this method now. Your druggist will present you with a ten-day tube. Cease your old methods for a few days and see what this new way does.

Why teeth look dingy

Your teeth are coated with a viscous film. You feel it with your tongue. It clings to teeth, enters crevices and stays. Food stains, etc., discolor it. So that film, if left, soon forms the basis of thin dingy coats. Tartar is based on film.

No ordinary tooth paste can effectively combat it. So millions of teeth brushed daily were clouded more or less.

Film also holds food substance which fer-

ments and forms acid. It holds the acid in contact with the teeth to cause decay. Film forms a breeding place for germs. They, with tartar, are the chief cause of pyorrhea.

All these troubles were constantly increasing. Very few escaped. The tooth brush, used in old ways, left much film intact.

The war on film

Dental science then began a war on film. After long research, two effective film combatants were discovered. Able authorities amply proved their efficiency. Then they were announced, and since then leading dentists everywhere have been urging their adoption.

One acts to curdle film, one to remove it. And this is done in scientific ways, not by harmful scouring.

A new-type tooth paste was created, based on modern research. It brings other new results now considered essential. It avoids several old mistakes. In this tooth paste are

embodied these two great film combatants. The name of the tooth paste is Pepsodent.

Two other new effects

Pepsodent brings two other effects which research proves essential. It multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise ferment and form acids.

It multiplies the alkalinity of the saliva. That is Nature's neutralizer for the acids which cause decay.

It was found that tooth pastes based on soap and chalk brought just opposite effects. That is one reason why they proved so ineffective. They reduced the tooth-protecting agents which Pepsodent increases many fold.

These results mean a new dental era. They mean that your children need not suffer what you suffered from your teeth. They mean that film-coats can be combated.

A few-day test will prove this to you. Make that test in fairness to yourself.

Some Fifty Nations

Use this new way now

Careful people of some fifty nations now use Pepsodent, largely by dental advice. To millions of women it has brought new charm, new beauty. To men of many races it has brought teeth they love to show. To children it has brought protection which their childhood did not know.

Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

What you see and feel will very soon convince you. You will be delighted and amazed. Cut out this coupon so you won't forget, for this test is important.
